

Overview

These lessons are designed to help your students explore and challenge their preconceptions about Uganda. They are linked into The Warriner School’s Uganda 2009 Expedition, providing an exciting, personal insight into the country of Uganda by students living in Oxfordshire. We hope they will prove to be a useful teaching resource. If you have any comments please let us know: Email sp9829@theocn.net

Lesson	Objective	Resources	Activities	Notes
1	<i>What do we know about Africa?</i>	Videos here	-Discussion about ‘Africa’. -Meeting (through videos) students going on the expedition. -Empathy; how would you feel?	<i>Introduces students to the expedition & begins to explore ideas held about Africa.</i>
2	<i>Where is Uganda?</i>	Maps here Table here	-Map skills. -Planning a journey to Uganda...	<i>Uses interactive Google maps to help develop students’ awareness of location.</i>
3	<i>What does life look like in these countries?</i>	PPT here Table here	-Photo-reading; students decide where photos were taken. -Discussion about actual locations.	<i>Challenges students preconceptions about what the UK & Uganda look like.</i>
